ABOUT LIONS FLOOR

At Lions Floor, we believe flooring is more than just the surface you walk on — it's the foundation of your home's story. From family gatherings to quiet mornings, your floors set the stage for life's most meaningful moments. That's why we create flooring that's as stylish as it is durable, combining natural beauty with performance you can count on.

Designed for Living

Our collections feature authentic wood-inspired designs that look and feel like real hardwood. With advanced technology, every plank is waterproof, scratch-resistant, and made to stand up to the demands of everyday life — pets, kids, spills, and all.

"Our vision is to be the most trusted flooring brand in America, delivering authentic design and uncompromising quality that transform everyday spaces into places of pride, comfort, and style."

— Jerry Guo, President, Lions Floor

Quality You Can Trust

Behind the scenes, we control every detail. From carefully crafted visuals to strict quality testing, we make sure every product lives up to our promise of dependable performance. When you choose Lions Floor, you're choosing flooring designed to last — giving you peace of mind with every step.

Why Choose Lions Floor?

- Timeless, realistic designs inspired by nature.
- Flooring that balances beauty with durability.
- Reliable inventory, so you never have to wait.
- A team that believes in service as much as style.

Lions Floor — Crafted for style. Built for life.

Tested. Certified. Trusted.

All Lions Floor products are FloorScore® certified and tested in industry-approved, third-party laboratories for compliance with applicable performance, safety, and indoor air quality standards.

Designed with the Environment in Mind

Lions Floor is committed to responsible sourcing and manufacturing practices. Our products are designed with sustainability in mind and are made using materials that help reduce reliance on natural hardwood resources—without compromising beauty, performance, or durability.

MATCHING COLORS ACROSS 3 PRODUCT CATEGORIES

Lions Floor features a coordinated palette of visuals and colors across three hard surface formats: SPC, flexible LVP and laminate.

Flexible LVP (District, District Pro, and District Max collections) feature the most sought-after SPC colors with copyrighted 10 repeats, fiberglass core, wood grain embossed surface, larger planks with virtually no acclamation required. Our water-resistant laminate collection, Comfort Heights, features the same sought-after SPC colors in large-profile 10 repeat planks, and is a high density core laminate, water-resistant with waxed joints, AC4 level scratch resistant and EIR embossing finish.

SPC

STONE POLYMER COMPOSITE

SPC (Stone Polymer Composite) is a next-generation rigid-core vinyl flooring that mixes the beauty of wood with rock-solid performance. Its dense, stone-reinforced core makes it incredibly stable, waterproof, and durable — perfect for high-traffic rooms like kitchens, living areas, and entryways. SPC also provides a realistic wood-look texture with added comfort and sound control underfoot.

See page 3 for a cross reference color chart that features a coordinated palette of visuals and colors across three hard surface formats: SPC, flexible LVP and laminate.

MOULDINGS

Seamlessly blend together our high-performing flooring products with the desired trim to create the desired aesthetic. Our mouldings coordinate with all our collections and respected colors.

End Cap

Works great when finishing the floor in areas that meet vertical objects.

Reducer

Ideal for transitioning floors of different heights.

Flush Stairnose

The Stairnose is used to finish stair treads and risers.

Quarter Round

Finish the perimeter for expansion and contraction of the flooring.

T-Moulding

Used when two level surfaces meet, like in a doorway or a narrow archway.

Stair Tread

Available for select collections.

LI-TS207 Sea Shell

BevelMark

BevelMark celebrates the craft of precision. Every plank in this collection features a meticulously engineered pressed bevel, creating a refined shadow line that elevates the realism, depth, and architectural character of each floor. Inspired by the marks of true artisans — the subtle cuts, grooves, and finishing touches that define quality — BevelMark delivers a modern flooring experience built on detail, durability, and elevated design.

Crafted for today's residential and commercial spaces, BevelMark blends the durability of SPC with high-definition textures and a unique 30-repeat pattern lineup that mirrors natural hardwood with stunning authenticity. This is where performance meets precision — and where every edge tells a story.

Lions Reservation

Step into a world where nature's most expansive landscapes meet modern craftsmanship. The Lions Reservation Collection is inspired by the raw beauty of open plains, sunlit horizons, and wind-shaped terrain. Each plank carries the warmth, texture, and grounded character of untouched natural environments—designed to bring a sense of vastness, calm, and enduring strength into any space.

With authentic wood visuals, soft tonal transitions, and a resilient SPC core built for everyday living, this collection offers a refined balance of beauty and dependability. Lions Reservation transforms interiors into grounded retreats—where natural harmony and contemporary durability come together effortlessly.

TRENTA

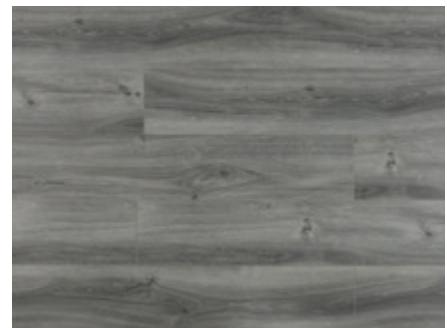

The Trenta collection replicates the beauty of natural wood with wood grain embossed decorative film on its surface. Its high-standard 20 mil wear layer provides essential scratch resistance, and its rigid core SPC material offers superior stability and a long-lasting lifespan. The Trenta collection has attached acoustic padding that works a sound suppressant and is essential for shock absorbtion. The planks are made from 100% eco-friendly ingredients and are entirely formaldehyde free.

WPC

WOOD POLYMER COMPOSITE

WPC (Wood Polymer Composite) combines a wood-enhanced core with waterproof vinyl surfaces for a flooring that's both comfortable and tough. The slightly cushioned core adds a bit of softness underfoot, making it a great choice for spaces where comfort matters — like living rooms, bedrooms, and family areas — while delivering 100% waterproof protection for everyday life.

MOULDINGS

Seamlessly blend together our high-performing flooring products with the desired trim to create the desired aesthetic. Our mouldings coordinate with all our collections and respected colors.

End Cap

Works great when finishing the floor in areas that meet vertical objects.

Reducer

Ideal for transitioning floors of different heights.

Flush Stairnose

The Stairnose is used to finish stair treads and risers.

Quarter Round

Finish the perimeter for expansion and contraction of the flooring.

T-Moulding

Used when two level surfaces meet, like in a doorway or a narrow archway.

Stair Tread

Available for select collections.

Ocean Crest

The Ocean Crest Collection draws its inspiration from the rising journey of nature itself—beginning at the water's edge and lifting toward open skies and elevated terrain. Each plank reflects the calm rhythm of the shoreline, the glow of morning light, and the soft movement of wind-shaped landscapes.

Crafted with the warm, cushioned comfort of WPC, Ocean Crest offers a quieter, more inviting flooring experience while delivering waterproof durability and authentic woodgrain beauty. Its soothing palette and refined textures bring an effortless sense of calm into any interior, creating spaces that feel open, balanced, and naturally uplifting.

With Ocean Crest, the serenity of the coast meets the gentle rise of nature—bringing elevated comfort and timeless style into every room.

Loose Lay

VINYL FLOORING

Loose Lay vinyl flooring is designed for fast, easy installation and effortless updates. Its heavy, flexible planks grip the subfloor without the need for full glue-down or locking systems, making it ideal for quick renovations and high-traffic spaces.

With a waterproof construction and durable wear layer, Loose Lay stands up to spills, pets, and daily life while delivering the realistic look of natural wood. It's a smart, modern solution for homes and commercial spaces that demand both style and speed.

LI-FL07 Apex Form

FormaLay

FormaLay was created for the spaces where design and practicality must live in perfect balance. Inspired by the idea that great interiors are formed—not forced—the collection blends architectural beauty with the effortless installation Loose Lay is known for. Its textured wood grain embossed surface brings natural dimension to every plank, while the 9x60" format delivers a modern, elongated visual that elevates both residential and commercial environments.

Built for fast renovations, adaptive spaces, and high-traffic settings, FormaLay offers the flexibility to install, update, or replace planks with ease. Its 5mm construction provides exceptional comfort underfoot, while the 20mil wear layer ensures long-term resilience. Whether refreshing a multifamily unit, modernizing an office, or transforming a retail space, FormaLay gives you the freedom to shape the environment without compromise.

Lions Floor District, District Pro, and District Max collections were created with exclusive patterns topped with intricate wood grain embossed surfaces to coordinate with various design options. Featuring a fiberglass-reinforced structure, the product delivers dimensional stability that yields high traffic tolerance. These LVP collections are an embodiment of timeless aesthetics and performance-driven functionality.

THE ULTIMATE FLOORING VISUALIZER

Get Started!

roomvo

Meet Roomvo, the fast and easy room visualizer

Leave nothing to the imagination. With Roomvo, you can see our products in your home before you buy. Simply upload your photo to see your room come to life!

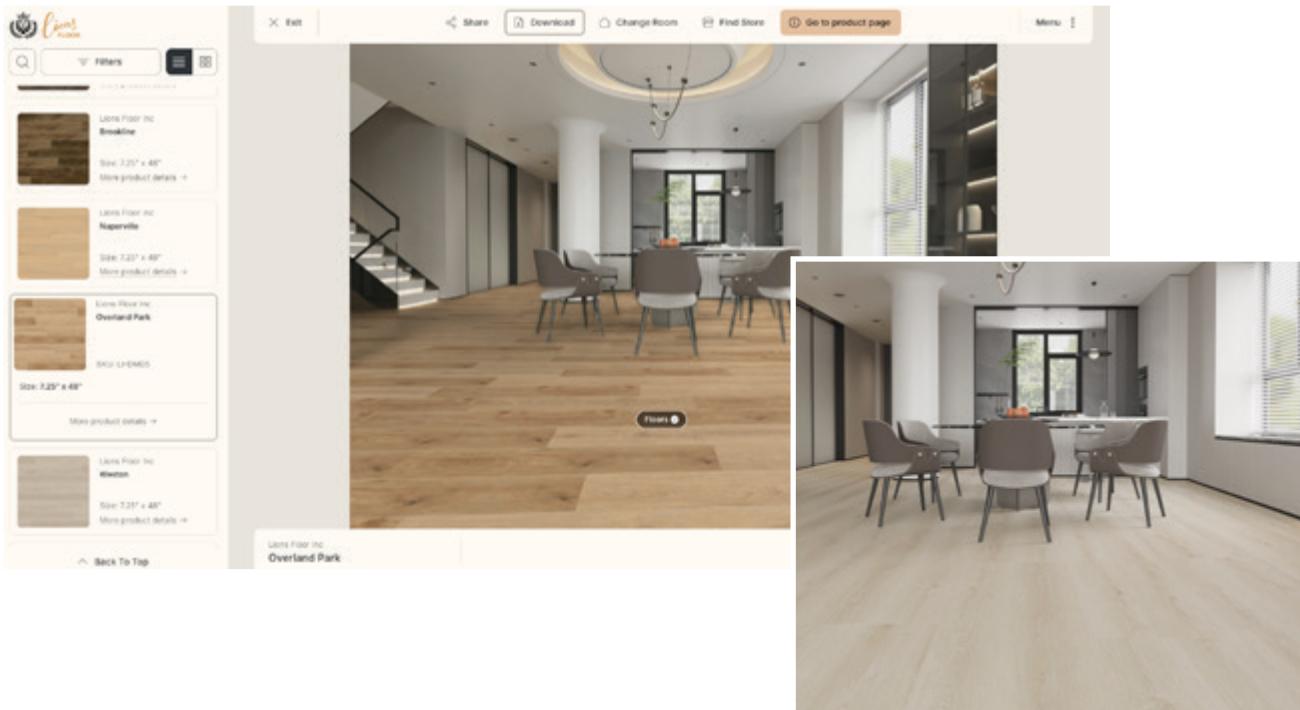

Why Roomvo?

Roomvo and its cutting-edge technology help to eliminate the guesswork commonly associated with purchasing new flooring.

Roomvo will allow you to see whatever product you want in whatever room you want it in with just a few simple clicks. Shop more confidently with Roomvo.

Upload your photo to see your room come to life!

Take advantage of our visualization tools to see our flooring styles in your own home.

COMPARE OUR FLOORING

Consider your specific needs and preferences when deciding between SPC, WPC, LVP, and laminate. All options share common performance and visual traits. SPC flooring excels in moisture resistance and durability. LVP offers style, durability, and affordability. Laminate provides a cost-effective choice with diverse design possibilities. Choose your preferred look and feel, take home samples, and decide based on your room's purpose, lifestyle, and desired aesthetic.

Characteristic	Rigid Core SPC	Glue Down LVP	Laminate	WPC
Core Material	Stone Polymer Composite (SPC)	Fiberglass-reinforced structure	Water-resistant core	Wood Polymer Composite (WPC)
Thickness	Thicker than other vinyl floorings	Varies, typically thinner than SPC	Thicker than other rigid floorings	Thicker than other vinyl floorings
Appearance	Resembles real hardwood flooring	Can replicate the look of hardwood	Mimics the appearance of real wood	Resembles real hardwood flooring
Stability and Rigidity	High rigidity and stability	Dimensionally stable	Good dimensional stability	High rigidity and stability
Durability	Highly durable and resistant	Durable and resistant to wear	Durable and wear-resistant	Highly durable and resistant
Moisture Resistance	Ultimate moisture resistance	Moisture-resistant surface	Waterproof surface with water-resistant core	Ultimate moisture resistance
Sound Insulation	Pre-attached underpad for insulation	Minimal sound insulation	Limited sound insulation	Pre-attached underpad for insulation
Heat Retention	Retains heat	Maintains temperature	Maintains temperature	Retains heat
Use in High-Traffic Areas	Suitable for high-traffic areas	Ideal for high-traffic areas	Ideal for high-traffic areas	Suitable for high-traffic areas
Repairability	Easily replace single damaged plank	Easily replace single damaged plank	Easily replace single plank	Easily replace single damaged plank
Suitable for Commercial Use	Residential and light commercial	Yes, especially in multifamily complexes and light commercial use	Residential and limited use in commercial settings	Residential and light commercial
Scratch Resistance	Extremely scratch resistance	Scratch resistance	Scratch resistance	Extremely scratch resistance
Indentations	Extremely indentation resistance	Prone to dents from heavy furniture	Extremely indentation resistance	Extremely indentation resistance

UNDERLayment

For best results when installing your floating floor, we recommend Lions Floor Premium Moisture/Vapor Barrier Underlayment. Protect your home with a moisture barrier that impedes growth of mold and mildew, and ensure a secure, lasting installation with the perfect adhesive.

SPC/WPC MOISTURE BARRIER UNDERLAYMENT

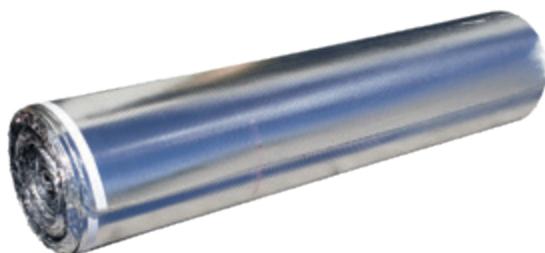

SKU: UL-MB6
MOISTURE/VAPOR BARRIER
UNDERLAYMENT

Material	Polyethylene Film
Thickness	6 mil
Roll Weight	14.5 lbs.
Sq.ft. per Roll	500 sq.ft.
Rolls per Pallet	100 rolls/pallet
Dimensions	125 ft. length × 4 ft. width

Includes overlap and tape for easy installation.

LAMINATE MOISTURE BARRIER UNDERLAYMENT

SKU: UL-MB3
SOUND DAMPENING NOISE GUARD
AND MOISTURE BARRIER

IIC Rating	73
STC Rating	72
Sq. ft. Per Roll	200 sq.ft.
Thickness	3 mm EVA Padding
Warranty	Lifetime Warranty
Water Resistance	Water Resistant/Closed Cell
Roll Weight	18.0 lbs (+/- 3%)
Rolls per Pallet	20 rolls/pallet
Dimensions	55.6 ft. length × 3.7 ft. width

FLOORING ADHESIVE

LionsGrip is our firm-set resilient flooring adhesive designed for consistent, efficient installs. It features a transitional pressure-sensitive formula ideal for residential and light commercial environments.

RH
99%

MVER
12 lbs

Flash Time
30-60 min*

Working Time
12 hrs

Cure Time
12 hrs

Light Traffic
0 min*

Heavy Traffic
24 hrs

KEY BENEFITS:

- Transitional Pressure Sensitive Adhesive
- Ideal for LVP/LVT, sheet vinyl, and rubber
- One-part system for easy application
- Light Traffic: 0 min (PSA), 12 hrs (Semi-wet-set)
- Ultra-low VOC formula (≤ 11 g/L) for healthier indoor air
- Compliant with stringent indoor air quality standards
- LEED-compatible adhesive for eco-conscious projects
- Budget-conscious solution

APPLICATION METHOD:

- Spread & set (PSA method)
- Coverage: 150–260 ft² per gallon

APPROVED FLOORING TYPES:

- LVP / LVT (non-porous)
- Sheet Vinyl (heterogeneous/homogeneous)
- Rubber Tile (light commercial)

BEST FOR:

- Standard residential projects
- Light commercial spaces
- Cost-effective flooring jobs

SUBSTRATE TESTING

- RH - 99% [ASTM F2170]
- pH - 5-12 [ASTM F710]
- MVER - 12 lbs [ASTM F1869]
